### AUTO PARADE TO FEATURE OPENING

Springbrook Park to be Formally Dedicated Sept. 5. Entries Are Pouring in.

Every automobile owner in South Bend and Mishawaka will be given an opportunity to take part in the formal dedication of the grounds of the Interstate fair at Springbrook park next month. Plans for a monster automobile parade, probably the largest ever attempted in this section, as a part of the dedication celebration for the fair grounds, were announced Monday by Mr. E. P. Dailey.

The automobile parade will form between this city and Mishawaka and will circle the newly completed race track at Springbrook. The park will be formally dedicated on Sunday, Sept. 5. A motorcycle race is being planned for the new track on Labor day, which will be the first racing event to be staged there. The attractions of Springbrook will be closed after Labor day and will remain closed until Sept. 14. The various concessions, including the dance pavilion and the roller coaster, will be opened again on Sept. 14 and will be kept open throughout the four days of the fair.

About 25 automobiles loaded with Interstate fair boosters, will go to Laporte to view the Laporte county fair on Friday of this week. Friday will be "South Bend day" at Laporte, and the local boosters will go there to help the event and to advertise "Laporte day" at the interstate fair. "Laporte day" will likely also be celebrated here on Friday of the fair week. The automobile party will leave the Oliver hotel at 8:30 o'clock next Friday morning. A. Frank, president of the fair association, and Mr. Dailey will lead the way.

Fair week promises to be a lively one for South Bend. Besides the daily race program, the various displays of cattle, horses, agricultural products, poultry and art work, there will be a great many special attractions of interest. A. G. Miller's exhibition shows have been engaged, and a night program full of spectacular features is being arranged. There will be day and night displays of fireworks, and a daily exhibition of an unusually elaborate bit of fireworks, entitled "The War of the World." This piece is now being planned, and it promises to be one of the most spectacular ever seen in the city.

**Charge Admission Prices.**  
The prices of admission to the fair have undergone some changes. It has been decided the admission charge to adults will be 35 cents and to children 25 cents. Admission at night will be 15 cents to all, and school children will be admitted on Tuesday of the fair for 10 cents. Tuesday will be officially known as "Children's day."

A special program for the entertainment of the little folks is being arranged for that time.

Entries for the various events in connection with the fair are now pouring in, assuring the success of the venture. The racing program is progressing in an entirely satisfactory manner. This feature, in charge of I. W. Lower, promises to be one of the best of the fair. Daily races will be run for large purses. Some well known horses have been entered.

Department superintendents are all exceptionally busy in preparing for their various displays. Department A will comprise the display of horses. Joan Russell has been placed in charge of the heavy draft division, and J. P. Woodworth, the light harness. J. K. Suckell will superintend department B, that of prize cattle, while George Hepler will be in charge of department C, swine. The prize sheep will be looked after by Fred Swigert of department D.

**Will Display Products.**  
The next department, E, will consist of agricultural products and machinery, with a committee comprising Edward Zettler, brother Leo of Notre Dame, and C. H. McCarthy. This will be one of the most important displays of the fair. Some unusually good displays of fine farm produce are promised in this division, along with several elaborate exhibitions of farm machinery of various kinds. The chief exhibitors in the farm machinery section will be the Studebaker corporation, the Oliver Chilled Plow Works, and the Birdsall Manufacturing company.

Department F will be the art division and will be in charge of Nelson L. Jones. Home economics, department G, will be overseen by Mrs. Percy and Mrs. Casey, while Irving Case and C. E. Patten will supervise the prize poultry section, department H. The complete program for the week will be announced within the next few days.

### FAMILY HOLDS REUNION

Annual Gathering Held at Island Park Sunday.

Twenty-eight members of the Ritter family attended the annual reunion held Saturday at the Mann residence near Island park. The reunion was originally scheduled for Island park, but rain caused a hurried change in the plans. The following officers were elected: B. F. Wagner, president; F. M. Dunn, vice-president; Mrs. John Rhoads, secretary; Harrison Ritter, treasurer. The committee on arrangements for next year's reunion consists of Mr. and Mrs. John Rhoads, Mr. and Mrs. M. E. Mann. The next reunion will be held at Hudson lake the second Saturday in August, 1916.

### WIFE WANTS DIVORCE

Altha Holman Says Husband Deserted Her After Seven Months.

Mrs. Altha Holman, 2714 W. Bertrand st., petitioned the superior court Monday morning to grant her a divorce from Charles E. Holman. The petitioner says that her husband abandoned her in October of 1914 after they had been married only seven months. She asks for the custody of a son.

### HEARS ARGUMENTS ON WRIT OF HABEAS CORPUS

Judge Funk Considers Question of Jurisdiction of Court in Releasing One Alleged Insane.

Arguments on the petition for a writ of habeas corpus filed Friday in behalf of Agnes Graciel, Kendall st., were heard this morning in the circuit court. The matter was taken under advisement by Judge Funk.

The petitioner was added insane by a commission in Justice Peak's court last week. A warrant for her arrest was issued by the county clerk and the woman was in the custody of the sheriff and on her way to the asylum to be taken to Lonsdale, when the order calling for her appearance in court was served on the sheriff.

It is alleged by counsel for the petitioner that she is not insane. The ground is taken that the proceedings in the justice court were irregular inasmuch as all the witnesses at the hearing were on one side and the petitioner was given no opportunity to prove her sanity. Counsel for the state argued this morning that it was not within the jurisdiction of the court to review the justice court hearing and that relief for the petitioner could be secured only through an appeal to the appellate division of the state hospital for the insane.

It was alleged at the justice court hearing by neighbors living in the neighborhood of the Graciel home on Kendall st. that Agnes Graciel had become a nuisance to the neighborhood. It was said that she annoyed everyone by calling them vile names and bringing false accusations against them.

### CONSIDER QUESTION OF COUNTRY ROAD SIGNS

Commissioners Are Given Details of Improvement Plan For Which Estimate Will Be Made.

The proposition of erecting sign posts at various points throughout the county was presented in detail to the county commissioners Monday morning. The commissioners favor the proposition and those behind the road signs. There are approximately 600 crossings in the county on which it is expected to place the signs. The county surveyor, with the aid of township trustees, will name the various roads and find out the exact number of signs which will be needed. It is proposed to have name plates for all the roads and in addition have on the main highways signs giving the direction and distance to towns.

Those who appeared before the commissioners Monday were H. W. Armstrong, Franklin Riley and H. H. Houser of the motor club; G. T. Dunkin of the George Cutter Co. and H. H. Fickensher, George Hepler and Edward A. Zettler of the Clay and Harris Community center.

### OPEN CLUB ROOMS AT MASONIC TEMPLE

Building Will be Open For Members and Friends Two Hours Each Day.

Masonic club rooms on the second floor of the Masonic building have been established in South Bend by St. John Lodge, No. 45, South Bend lodge, No. 294, and Portage lodge, No. 675. The club rooms are to be used almost exclusively for social purposes, and contains a parlor, reading, writing and lounging room, card room, and pool and billiard room.

The club rooms are open each morning in the week from 9 o'clock to 11, and a committee of three consisting of one man from each lodge, has been appointed to conduct the affairs of the club. The committee consists of W. Hale Jackson, St. Joseph; John Beveland, South Bend, and Ed. W. Gingrich, Portage.

The club parlor is to be utilized for the purpose of holding meetings, for the instruction and rehearsing of candidates, and it is suggested by the committee that members use it as a meeting place for members of their families and as a rest room during shopping hours. In the reading and writing room, home economics, department G, will be overseen by Mrs. Percy and Mrs. Casey, while Irving Case and C. E. Patten will supervise the prize poultry section, department H. The complete program for the week will be announced within the next few days.

### Y. M. C. A. PLANS CAMPAIGN

Various Associations Will Contest For State Cup.

The executive committee of the Y. M. C. A. associations of the state met at Indianapolis recently and made plans for the membership campaign which will be held from Oct. 1 to 30 inclusive. Every dollar that is turned in for renewal membership fees will count for one point and every dollar turned in on the new membership fees will count for two points in the silver loving cup which is presented each year to the association which has the largest number of points. Evansville received the cup last year. W. F. Nitsche, who is social and membership secretary of the Y. M. C. A. in this city, attended the meeting at Indianapolis.

### LOST HIS LICENSE TAG

Man's Plea in City Court Wins Suspended Fine.

His story that he had lost a license number tag on the way to this city from Elkhart won a suspended fine of \$11 for Carl Buck of the latter city when he was arraigned in city court Monday morning upon charges filed by Traffic Patrolman Czenkusch. Buck declared that when he left his home both plates were on the car. He later found the one he had lost.

### ART OF COOKING WILL BE TAUGHT

New Kitchen Has Been Established at Laurel—Night Classes a Feature.

Greater stress is to be laid on the vocational work for girls and women in the public schools this year. Domestic science has become so popular in the schools that a new kitchen has been established at the Laurel school where classes for school children in the day time and the women at night will be opened.

A committee of women from the Laurel school district will be named shortly by Supt. L. J. Montgomery. This committee will assist the school authorities in securing a heavy enrollment, and cooperate with the domestic science instructors in determining the nature of vocational work desired.

It is expected that the new kitchen at the Laurel school will accommodate over 100 women. The school authorities are anxious that as many women enroll in the vocational classes held during the day, as the night classes as a rule are crowded.

A meeting of the committee named recently by the school board, of Mrs. W. E. Miller, Mrs. George Foster, Mrs. H. W. Eldredge, Mrs. C. M. Haeske and Mrs. E. W. Taylor, appointed to assist in the management of the household arts department of the vocational work of the public schools, will be held. Miss Ada Miller, head of the department, will call the meeting either this week or next, at which time tentative plans for classes in domestic science will be made.

Miss Florence Wells of the department of household arts, has begun to get in touch with the school children who were in the department last year and who intend entering it again this year. A schedule of classes and the work that is to be covered in each may be determined. Last year a number of the girls took the work which began with canning in the fall. To avoid a repetition of this, further and more advanced work will be provided.

Not only will cooking and sewing come in for its share of attention, but vocational work with classes in "The Care of the Baby" will be formed. Great interest in this department was manifested last year, and a prominent local physician was secured to lecture to the class. This method of procedure will likely be carried out during the coming school year, it is understood.

### TENNIS TOURNAMENT IS ON

First Games Were Postponed Owing to Saturday's Rain.

Rain Saturday prevented contestants in the Y. M. C. A. tennis tournament for the Calvin Clauer trophy from running off the first round, and preliminary play was scheduled to start Monday.

Drawings have been made, and the names of the entrants with their opponents have been placed on the Y. M. C. A. bulletin board. Physical Director Miller, who is anxious that the preliminaries be played off as rapidly as possible, requests that the tennis men arrange their own matches at their convenience. The tournament must be finished early, that the winners will have time to play off the other rounds before the finals are staged on Labor day.

### DETECTIVE FINDS LOOT

"Thread" of a Clue Leads to Arrest of Two Young Boys.

A short time after it was reported to the police department that someone had broken into a New York Central freight car and had stolen several boxes of crocheted cotton, Detective DeLox located a number of the boxes in two west side homes. Witnesses had said that two boys were the thieves. The names of the boys were those of John Dobrykowski, 1265 W. Ford st., and Elias Piechocki, 1365 W. Ford st. The cotton recovered was taken to the police station.

Proprietor of a garage at 218 N. Main st., reported to the police department that someone had stolen a tire from his place Sunday night.

### FIVE PERSONS CONVERTED

Meeting in Salvation Army Tent Proves Success.

Five converts came forward Sunday evening at the Salvation army tent on N. Michigan st.

The text was from St. Luke's gospel, 19:5, "Make Haste and Come Down." A description was given of the character and occupation of Zachariah, and the change that took place in his career following his obedience to the call of Jesus.

Capt. Thompson, the officer in charge of the Industrial home, made references to results of army work among prisoners in jail.

### LOVE DEATH MYSTERY PUZZLE TO OFFICERS

(CONTINUED FROM PAGE ONE)

thrown off bodily. His cut lip and the bruise behind his ear might be accounted for in that manner, maybe his broken fist, too."

Montgomery and Sheriff Bailey went to Wyatt Monday afternoon where the interviewed several other witnesses in the case.

"There has been no charge filed as yet," said Montgomery, "and there probably won't be until after the post mortem examination. It appears at present that the charge, if filed, will be one of manslaughter."

Sheriff Bailey and Montgomery said Monday that the conflicting testimony in the case made it difficult for the facts to be obtained. Every new witness has divulged a different angle from the one proceeding.

"Somebody is holding out on us," declared Sheriff Bailey, "but we will probably get sufficient evidence in Wyatt for some sort of charge to be immediately filed."

Pictorial Review Patterns 10c and 15c. 100 dozen Pure Linen Irish Hand Embroidered Handkerchiefs; 25c quality, for 19c.

### Women's Splendid Silk Hosiery, 50c.

Tomorrow; all colors; guaranteed.

### WAIT WORD FROM BERLIN ON ARABIC

(CONTINUED FROM PAGE ONE)

be obtained. Meanwhile, the president and Secy Lansing will have time to consider the entire question and the steps that must follow any break with Germany.

That congress will be called to furnish means for national defense if a break should come, is believed certain. This, too, in the face of the belief of the president that diplomatic relations could be broken off and still not followed by general aggression by the German underseas boats, which in many instances have spared big British passenger ships simply because Americans were known to be on board.

But the president, it is pointed out, could not avoid bringing congress together and in doing so would have an opportunity to determine just what the sentiment in every section of the United States toward the European war actually was.

And congress, whether it accepted the president's actions or not, could do nothing but vote the money to bring the navy up to date and to provide an army and munition reserve that would be sufficient for any emergency.

But that program like all others that have been prepared by the administration, only to be cast aside, hinges entirely on what Germany will do, and even the president is known to have grave doubts as to what to expect from that government.

### SOUTH BEND MARKETS
